

(Start of Belt #3)

will you yield to a question?

SENATOR CARPENTER: Certainly.

SENATOR GOODRICH: Senator Carpenter, on Page 2, it is item 2, that any private funds donated for special field-house facilities be expended only for these designated purposes. As you are aware of I am sure, some donated funds are earmarked for a special purpose and they can only be used for that purpose and I was wondering if you wouldn't be better off to add, unless conditionally donated for the purpose other than specified in item 1.

SENATOR CARPENTER: I have no objection to the amendment.

SENATOR GOODRICH: I would move the amendment. I move that we amend item 2 to add the words, right at the end of it, add the words, unless conditionally donated for a purpose other than that specified in item 1. The idea being that if someone comes along and says, OK, I will give \$100,000 for such and such an item but it is not in..not listed in item #1, then you can't accept a \$100,000 donation and it might be an item that you'd very much like to have in the fieldhouse but you would be prohibited from receiving that donation.

SPEAKER: Is there any discussion on the amendment? If not, motion is to adopt. All in favor say aye. Opposed say nay. The amendment is adopted. Now back to the bills, Senator Kelly.

SENATOR KELLY: Mr. President, I rise to congratulate Senator Carpenter on his alertness of providing this facility for the swimmers of Nebraska. To me, it is very important.

SPEAKER: Is there any further discussion on the adopting the Resolution. Senator Luedtke.

SENATOR LUEDTKE: Mr. President, a question of Senator Carpenter.

SPEAKER: Senator Carpenter yields.

SENATOR LUEDTKE: Senator Carpenter, on these particular contributions which you refer to in Paragraph 2 where you say that any private funds donated may be expended only for those designated purposes, would the construction of these additional facilities outlined here be contingent upon the receipt of additional funds.

SENATOR CARPENTER: To the extent that the money may not be available, yes.

SENATOR LUEDTKE: I think we ought to put something in the Resolution, then, to clarify that you would only do this..in other words, that these particular matters could only be placed into the construction of this building contingent upon the receipt of such private, additional private funds because I do not believe the funds including the additional 1. million, or whatever it was we had in LB 510, will cover all of these items. I think that we are agreed that it will not.

SENATOR CARPENTER: I have no intent to do anything except to use the interest which has accumulated on the bonds already sold. Now I have been told by other people that they are in a position and can receive substantial sums of money and I don't know what they mean by that from people if they know that they will be used for this purpose. Now
